FOR IMMEDIATE RELEASE

Northbound US 101 Full Freeway Closures for US 101/23 Interchange Improvement Project

Thousand Oaks - The California Department of Transportation (Caltrans) will close **all** lanes of northbound US 101 between Westlake Boulevard and SR-23 nightly, **Monday, September 12** and **Tuesday, September 13** from 11:30 p.m. to 5 a.m. The closure is weather permitting and subject to change. Detour signs will be posted.

The interchange project adds a lane to the U.S. 101/SR-23 connector and to US 101 at various locations; widens three bridges; realigns the Moorpark Road ramps; and constructs soundwalls and retaining walls throughout the project limits.

The speed limit on the SR-23 and US 101 freeways within the project area has been reduced to 55 miles per hour. Motorists are reminded to slow down within the project corridor, use caution and observe all posted signage while traveling through the construction zone.

Security Paving is the contractor on the project, anticipated to complete fall, 2016. For more information regarding this work, visit the project website www.toaks.org/10123

Caltrans reminds you to **“Be Work Zone Alert.”**
